President's Corner

By Shelby Williams

This past weekend I had the opportunity to meet with some amazing women at the Southwest Regional Conference in Denver, Colorado for some networking, CPE, and fun. The women of Accounting & Financial Women's Alliance never cease to amaze me with their talents and insights. One of my favorite things about the organization is the ability to learn from each other and be there for others in our profession in both times of struggle and times of celebration. The Foundation also had their board of directors installation on the last day of the conference. I got to hear about the amazing things The Foundation has taken on as well as hear the specifics on the amounts of scholarships given away within just the past year. I am inspired by the dedication of women in our profession to give back and pave the way for younger women who are going to take our profession by storm!

Our June meeting will be a night of installation for our new Mesa East Valley board. The amazing women who were on the board for fiscal year 2012-2013 will be passing off their jobs to the new board and celebrating the transition with the membership. I am incredibly excited about our future as I know those that will be taking over are competent and inspiring women who have a lot to offer our organization. I hope you all are able to attend our June installation meeting to meet those who will be taking over and offer them your support.

I also want to take this opportunity to thank each and every member and friend of Accounting & Financial Women's Alliance – Mesa East Valley Chapter as you have been wonderful this past fiscal year. We gave out scholarship money, enriched our community through service, taught young women important financial literacy objectives, enriched our own minds through CPE, and supported one another through networking and sharing of jobs within our industry. I saw relationships grow stronger within our organization and memories being made. I know our chapter's future is bright and it is all because of you!

You are educated. Your certification is in your degree. You may think of it as the ticket to the good life. Let me ask you to think of an alternative. Think of it as your ticket to change the world. ~Tom Brokaw
